GUITAR STANDS

HERCULES designed the Auto Grip System with the unique locking system to provide the safest most secure stand for you instrument.

Our Auto Grip System (AGS) is engineered to function easily and is built to last. Specially Formulated Foam (SFF) Rubber is widely used on all contact points between stand and your guitar and is safe for most finishes.

(37.8" - 45.3")

Weight: 2 kg (4.4 lbs)

Base Radius: 310 mm (12.2")

Load Capacity: 15 kg (33 lbs)

Folded Size:

685 mm x 110 mm x 100 mm
(27" x 4.3" x 3.9")

Accessories: 1 pair N.I.N.A™ (HA301)

Auto Grip System

The Auto Grip System PLUS is driven by the weight of Guitar or Bass.

The AGS PLUS has been engineered with a smooth-sliding channel, main body and two arms with SFF rubber.

When the instrument is placed on the yoke, the channel slides down and rotates two arms holding and protecting your guitar.

To take the guitar, simply lift the instrument out of the housing, two arms release immediately. Fits guitars with neck from 40 mm – 52 mm (1.57" – 2.05").

Narrow Instrument Neck Adjustment (N.I.N.A.™) adapters are specially designed to reduce the distance between the AGS arms.

Our goal at HERCULES is to build the best possible instrument stands. Our stands are intended to give you years of trouble-free use. However, guitar manufacturers use many different finish materials and techniques. Therefore, we advise you read the manufacturers warranty and care guide materials for instructions on the proper care and maintenance of your instrument.

GS523B

A photograph of a rustic interior featuring a white brick wall, a large multi-paned window, a brown leather tufted sofa, and a wooden floor. In the center, a wooden ukulele is mounted on a black Hercules stand. To the right, a black guitar is leaning against a metal shelving unit. A white tote bag with text is hanging from the shelf. A metal trunk with 'AGILE' written on it is in the foreground on the left.

UKULELE STANDS & FOLK INSTRUMENT HANGERS

For decades, Hercules Stands has been offering the most advanced protection for countless guitars around the world. With our innovative Auto Grip System, the instruments are safely locked-in and well supported. Now, this technology has been incorporated into the new ukulele and folks instrument stands to ensure your priceless instruments are held and protected like no other.

Folded size: 1,115 mm x 505 mm x 115 mm (43.8" x 19.9" x 4.5")

EASY ASSEMBLY
VIDEO

Adjustable Stopper accommodates a variety of keyboard sizes

An adjustable rubber foot is fitted and provides stability on uneven floors.

EZ-LOK

Simply set the stand by: 1st, closing the stand entirely, 2nd opening it all the way to the lowest level and 3rd raising it to the desired height. The EZ-LOK System automatically locks stand into one of five height settings. No more fussing with screws! Repeat above operation 1-3 to reset the height.

KS400B

Autolock Z-Keyboard Stand

Features

- » AutoLock System with AutoLock Lever adjusts height setting easily and is safe and secure
- » Locking Pins and adjustable moving arms for easy set up and tear down
- » The Adjustable Rubber Foot fine tunes height and levels the KS400B for maximum stability

Specifications

Height: 605 mm - 930 mm (23.8" - 36.6")

Width: 510 mm - 850 mm (20" - 33.5")

Weight: 7.5 kg (16.5 lbs.)

Load capacity: 130 kg (287 lbs.)

Folded size: 705 mm × 605 mm × 175 mm (27.7" × 23.8" × 6.9")

Support depth: 450 mm (17.7")

One-piece design folds up compactly.

Adjustable rubber foot for height fine tuning and stable leveling.

KB200B

EZ Height Adjust Keyboard Bench

Features

- » EZ Height Adjustment lever with 4 height settings
- » Micro Adjuster fine tunes height setting
- » The Adjustable Rubber Foot provides stability on uneven floors

Specifications

Seat size: 600 mm x 320 mm (23.6" x 12.6")

Height settings: 480 mm, 510 mm, 530 mm, 560 mm
(18.9", 20.1", 20.9", 22")

Weight: 6.5 kg (14.3 lbs.)

Load capacity: 150 kg (331 lbs.)

Folded size: 747 mm × 380 mm × 170 mm
(29.4" × 15" × 6.7")

EZ Height Adjustment

The built-in spring system allows you to quickly jump from one height setting to the next. Just pull the lever to switch between 4 preset seat heights.

Micro Adjuster

The HERCULES Micro Adjuster lets you fine tune the height for more comfortable sitting. Turn the knob for up to 8 cm (3.14") of additional adjustment.

KS410B

Load Capacity: 25 kg (55.1 lbs.)

Base Radius: 235 mm (9.25")

Folded Size: 106 mm × 101 mm × 585 mm (4.2" × 4" × 23")

FOR STUDENTS
Makes practice enjoyable by helping
with positioning, breathing and posture

FOR PROFESSIONAL MUSICIANS
Provides full flexible support and
reduces neck and shoulder tension

The TravLite™ Series is designed for touring musicians who need light, portable and solid stands that can securely hold their valuable instrument. HERCULES TravLite stands store easily in the case, and hold the instrument securely.

DS431B
