

SLATWALL PANEL FOR GUITAR WALL RACK HA207

INSTALLATION GUIDE

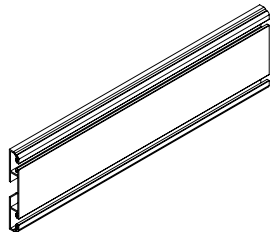

FITS HERCULES AGS HANGERS WITH SLATWALL MOUNT

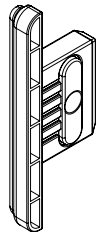

APPLICATION

Can be extended by adding additional Slatwall Panels (HA207) to accommodate more guitars.

INCLUDED COMPONENTS:

SLATWALL PANEL (450 MM) X 1PC

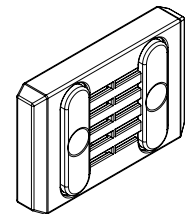

END CAP X 2PCS

MOUNTING SCREWS X 6PCS

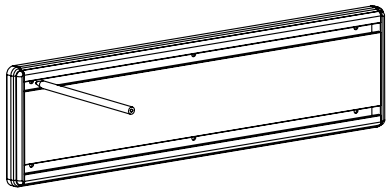

PLASTIC ANCHORS X 6PCS

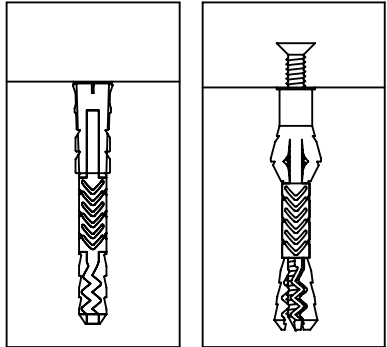

CONNECTOR BLOCK X 1PC

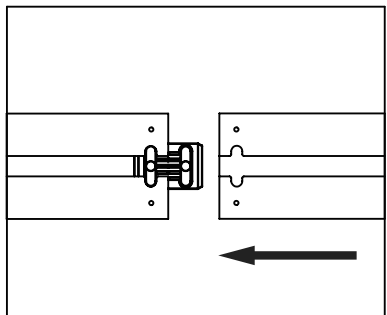

Step 1: Plan and Mark the Wall

- Choose a secure wall location for proper support.
- Ensure the horizontal surface is flat using a level.
- Locate and mark the desired position for the slatwall panel.

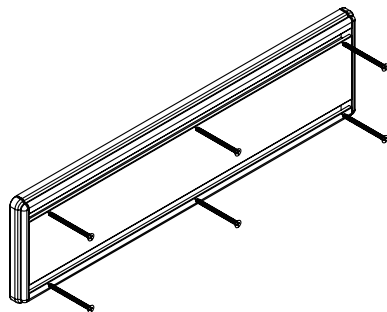

Step 2: Installation Guide For Plastic Anchor

- Drill a 6 mm (0.24") hole into the wall to a minimum depth of 5 cm (2").
- Tap the plastic anchor in with a hammer or mallet.
- Insert the screw and slowly screw it in.

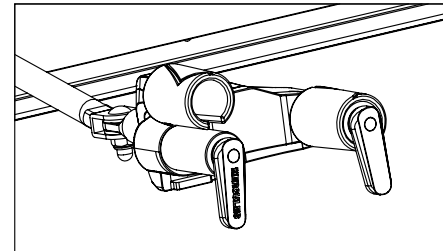

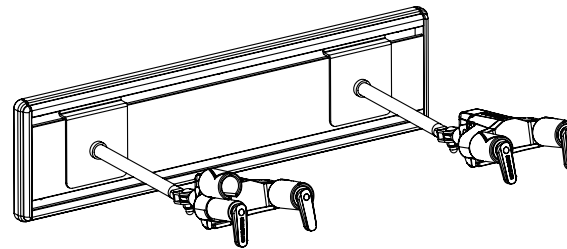

Step 3: Install the Connector Block (If Connecting Multiple Panels)

- Remove the end cap from the panel.
- Insert the connector block into the back of the slatwall panel to join them securely.

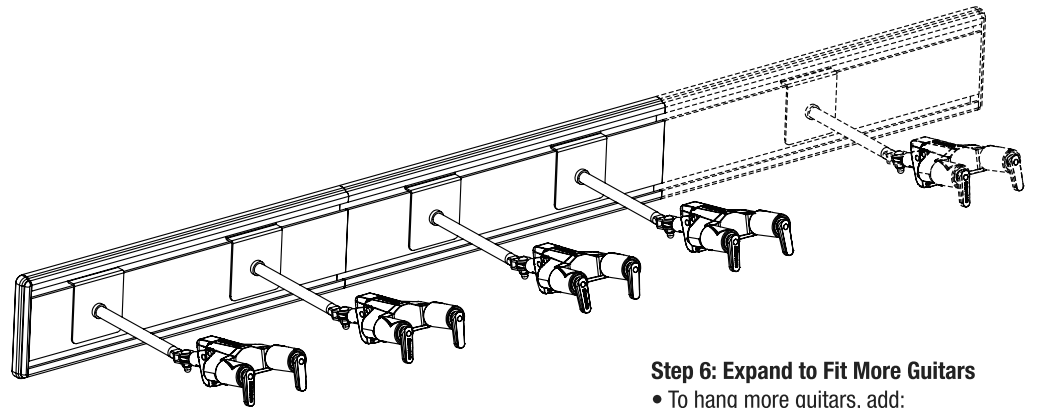

Step 4: Mount the Panel

- Use the 6 included self-drilling screws to secure the panel:
 - 3 screws in the top channel
 - 3 screws in the bottom channel
 - Make sure all screws go directly into wall studs.
- * For solid walls, use plastic anchors with screws for secure mounting.

Step 5: Install and Adjust Guitar Hangers

- Attach the slatwall hangers like GSP40SB PLUS to the slatwall panel rail.
- If needed, place the HA301 Narrow Instrument Neck Adjustment on the Auto Grip System yoke for a better fit.

Step 6: Expand to Fit More Guitars

- To hang more guitars, add:
- GSP402SB (2-piece set) or
- GSP403SB (3-piece set).

IMPORTANT INFORMATION

The enclosed fittings are for installation directly into a wall stud or on solid walls. Use only screws when mounting to a wall stud in order to prevent cracks. When mounting on a solid wall, use plastic anchors with screws. Before mounting the Hercules slatwall panel, please make sure the type of wall is suitable for the enclosed fittings. Different types and sizes of wall anchors support different weights. If your wall construction is none of the above, such as non-solid drywall or hollow wall, please consult a local hardware store for the correct fittings.
